# SMYRILSHLIÐ 7 – 308

1. The stairwell is at street Smyrilshlíð and is number 7
  - a. Cars can be parked on the street and in the surrounding streets
    - i. The lobby by the street – when you are inside you need to enter the code **A1107** and the door will open automatically
    - ii. An elevator is directly opposite the main door
    - iii. Apartment is on the third floor
    - iv. When you get out of the elevator, go to the left and then right out to the outside and then to the left there are 2 apartment entrances and the one to the right when is marked 308 and that is the apartment.
2. Parking garage
  - a. The apartment comes with a parking space in the basement and it is marked 308
    - i. To get to the garage you have to drive into a street called Valshlíð
    - ii. Next to the entrance, marked number 10 is a pedestrian door to the parking garage
    - iii. You have to open a walk-in door with a key and inside there is a box on the wall where you can open the door from the parking garage for the car
    - iv. Door (for car) should close automatically - please pay attention to that, also make sure the walk door is closed behind you
    - v. Turn left and down a slope then turn right, then again to the right, and then again right and then the parking space will be on the right hand shortly after the turn.
    - vi. Our parking space is well marked on the floor and it is VERY IMPORTANT that the car is parked in the RIGHT parking space
3. The stairwell from parking garage
  - a. The entrance to the stairway from the parking garage it is on the right side of the parking lot - (stand in front of the parking lot and look at the wall, the entrance is on the right side)
    - i. Enter code **1107#** by the door
    - ii. Inside the door is a small entrance and there is another door, you don't need a key for it, so inside there is the elevator
    - iii. In the elevator the parking garage is marked -2. Choose -2 when going to the elevator from an apartment
4. Garbage
  - a. A deep containers are in the street named Fálkahlið
    - i. Garbage, plastic, paper and general must be sorted
    - ii. A separate key that comes with the apartment is for the containers
    - iii. It is VERY IMPORTANT that all rubbish is thrown away and nothing is left in the apartment nor outside an apartment or in a stairwell

ATTENTION: The apartment door must be locked with a key, remember: ALWAYS lock when leaving the apartment.
